Dear Mr. Daniels:

It is Martin Marietta's understanding that the telephone conversation between Utah State Oil, Gas, and Mining Division's Ronald Daniels and Martin Marietta Cement's Marvin Berg constituted a verbal approval of the permit required from you to allow us to build our cement plant at Leamington. Naturally this approval is contingent upon successful completion of the reclamation bonding which is in process at this time.

If you have any questions please let us know.

Very truly yours,

Marvin L. Berg
